In monetary affairs there is nothing of special interest to note. Business is almost at a perfect standstill, awaiting the movement of the new Wheat crop, when, it is hoped, that there will be a revival. The New York and Baltimore money markets are easy, the rates in the former on call being I per cent, while in Baltimore discounts are somewhat firmer at 5a6 per ct. reguiar way. Gold rates fluctuate but little, the quotations to-day being 1054. Government bonds are firm and unchanged, except for 67s, Sis and new fives, which are a fraction lower. In State securities there is not much doing; a few sales of Virginia consols were made in Baltimore yesterday at 701, coupons selling at 80. In local railroad securities we have no transactions to note, and merely append Baltimore quotations as follows:

SEOLA REDWEIN.-FAIRFAX COURT House, July 2, 1877 .- James B. Weaver, 136 Market st, Philadelphia .- Dear Sir: I have been subject to severe attacks of headache which | which, although quite brief, was violent. It beginning of one of these attacks, I took a wine after which the clouds passed away and the glassful of your "Seola Redwein," which in a stars shone out brightly. Shortly after one short time relieved me, and kept me free from it the other two days. I would advise persons afflicted as I have been to give it a trial. Yours, A A. CHAPMAN. For sale by E. S. PORT GRAPE WINE. - This Wine is made in New Jersey, and is said to surpass anything in the way of wine ever made It is called Speer's Wine, produced by Mr. Speer. Since the true analysis of its properties has been published by James R. Chilton & Co, those who can afford it are adopting its use in preference to foreign wines. Prof. Chilton used it in his own family, and has written to the public the

following eard:

Laboratory of J. R. Chilton & Co.,) New York, March 11. We have recently made a careful analysis of the Port Grape Wine produced by Mr. Alfred Speer, and do not hesitate in pronouncing it pure. It contains all the properties of the Oporto grape, and, therefore, for medicinal uses it is superior to other wines. Its principal effeets upon the system are mildly stimulating, liuretie, sudorific and tonic. It will prove bendistal in affections of the kidneys and chronic diseases, with general debitity of the constitution. Physicians may safily recommend it to their patients in place of the many qoubtful mixtures too often sold as pure wine. JAMES R. CHILTON & Co.,

This wine can be had of druggists, and is a most excellent article for weakly persons, especially females It is a very superior table wine, and the most healthy drink now in use. It is not a spirited or manufactured article, like most

native wines .- [Portland Transcript. REST NO! On Friday night, in the was followed about seven o'clock by another, another storm, the rain coming down in torrents, and the lightning and thunder being very severe.

Botween the hours of I and 5 p. m. yesterday the storm raged with terrific force between Salem and Gainesville, along the line of the Manassas railroad. Large ties were blown up by the roots, in some instances entirely wringing them off at the trunk. Large barns were blown entirely over and several unroofed. Among the sufferers are E. P. NEW TRIAL REFUSED. - Judge Hughes, of the U. S. The company subsequently refused to recognize any title except in Mr. McVeigh, and this suit was brought to enforce the payment of dividends. LILLIS' ADJUSTABLE TREADLE. ADAPTED TO ALL SEWING MACHINES

This Treadle is one of the greatest improve ments of the sgo, as by its introduction the objection to the use of Sewing Machines is obviviated, and instead of its being an unhealthy and laborious task, condemned by the medical fraternity and injurious to these who work them, by the use of this attachment the operation of the machine is positively a healthful and pleasant exercise. Several of these Treadles are now in use in our city, and we are permitted to refer to those who own them and who aver that they would not be without them for the original cost of the machine.
